

A That is what they claim.

Q Isn't that what you always thought it was; about 17 acres?

A Yes.

Q And how much did Mr. Everett Moxley pay you when he bought whatever property it was?

A \$1500.

Q \$1500? Did he pay you in cash?

A That I don't remember, if it was cash or check.

Q But any way he paid you at the time you gave him the deed?

A Yes.

Q \$1500? A. \$1500.

Q How much did you pay Mr. Moxley for Tract A, for instance? That is the 2 acre, 2 roods and 32.5 perches.

A The 2-acre piece?

Q Yes; how much did you pay for that?

A Brother George bought that when he had it.

Q Yes, but when you got it how much did you pay for it?

A That come with the 12 acres.

Q That come with the 12 acres? A. Yes.

Q How much did you pay for Tracts A and B? The 12 and 2 acres, when you bought it?

A I paid \$1200 for the 2 acres and 12 acres. This hadn't been sold yet.

Q I understand. You paid \$1200 for 12 acres and 2 acres?

A Yes.

Q How much did you pay for Tract C when you bought it? The three acres?

A From Carl White, \$200.

Q So the total amount you paid for the three tracts was \$1400? A. \$1500.

Q I thought you said you paid \$1200 for the 12 and 2 acres, and \$200 for the three acres, is that correct?

A Well, I was thinking. I bought the piece while he owned it - my brother George.
